

STEPHEN R. SILVA, LISW, LICDC
CLINICAL SOCIAL WORKER
CHEMICAL DEPENDENCY COUNSELOR

Stephen Silva is independently licensed as both a Social Worker and Chemical Dependency Counselor. He has 34 years of experience in the fields of alcoholism-chemical dependency and mental health, including clinical and administrative positions. Steve works with children, adolescents and adults, providing a range of services that include individual, couples and group psychotherapy. He has had extensive and varied clinical experiences and has worked at many of the regional treatment centers including the Lakeland Institute, Serenity Hall-St. John Westshore Hospital, Glenbeigh, the Lcada Way and Y-Haven. He also established his own state-certified Intensive Outpatient Program (IOP) for chemical dependency and has provided employee assistance services.

Steve completed post graduate training at the Ohio Institute for Addiction Studies, where he's served as an instructor, as well as at the Cleveland Psychoanalytic Center, where he completed Psychoanalytic Psychotherapy Programs for adults and children/adolescents. Currently Steve is in training as a Child Psychoanalytic Candidate at the Cleveland Psychoanalytic Center and Hanna Perkins Child Development Center.
